SEWER CONTRACTS ARE AWARDED

F. J. EARLY GETS PIPE JOB

Difficulties Over Bids Bared At Council Meeting Monday; Differences Eliminated

At 3:30 o'clock this afternoon the council reached an agreement with the Campbell Construction Company of Sacramento to undertake the erection of the sewer disposal plant on a bid of \$39,700. It was announced that the council contemplates eliminations in the original plans and specifications which will reduce the cost of the plant to \$37,494 and that these eliminations and the reduction in the price are agreeable to the contractor. Although no formal motion would be awarded on that basis. Present were Mayor George E. Faugstad, Councilmen Philip Frost and Sid Price, with Attorney Thomas Maul and City Clerk Esther Mahler. Councilman J. K. Pierson, who was not present, had expressed his approval of the plan at the Monday night meeting.

The city council Monday night awarded a contract to F. J. Early, Jr., of San Francisco, to construct the second unit of the Placerville sewer improvement project.

The contract, covering the laying of the main pipe line with connections down Hangtown Creek, was let on a bid of \$32,588.50, which was the low bid.

It was indicated at the meeting Monday night that the low bidder on the sewerage disposal plant is the Campbell Construction Company and that (Turn to page 3)

\$200 Robbery Of Wm. Davey

Garden Valley Youth Hit Over Head, Run Off Grade In Car Thursday Night

William Davey, of Garden Valley, who operates the roller skating rink at Diamond Springs and Brewsterville Inn, at the easterly city limits of Placerville, was robbed of \$200, clubbed over the head and run off the grade in his car, while enroute home from Diamond Springs Thursday night.

The report of the crime was confirmed Tuesday by county officials.

Davey lay for about two hours in the wreckage of his car and then made his way to the Pacific Minerals Company plant, at Chile Bar, from which he called a doctor and notified the sheriff. The doctor treated him for cuts and bruises.

We learn that the young man left his business at Diamond Springs shortly before midnight and was driving home via Chile Bar and the Morgan grade when, at the hairpin turn where the new grade to Mosquito takes off, he saw a car beside the road and, presuming someone was in trouble, slowed his car and lowered his window.

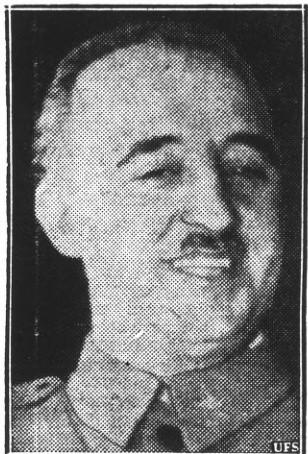

Someone clubbed him over the head, knocking him unconscious and when he regained his senses he found himself about fifty or sixty feet off the Mosquito road grade a short distance from the junction. Two hundred dollars which he had with him when he left the Diamond Springs rink, was gone.

The automobile Davey was using had been borrowed from the Russell J. Wilson agency in Placerville.

Fire Zone Extension Mapped By City

Extension of the city's fire zone, which has its easterly limits at Bedford Avenue, up Main Street to Cedar Ravine, including both sides of the street, is planned by the City Council.

At the council meeting Monday night, members of the board pointed out that in view of the probable erection of business buildings in Main Street above Bedford Avenue, the fire zone should be extended before actual construction gets under way. It was indicated the matter will come before the board at the March meeting.

DICTATOR—Generalissimo Francisco Franco, insurgent leader, who recently made himself President-dictator of a re-organized Insurgent regime in Spain. Insurgent supporters learned of the appointment with the issue of the official bulletin, in a decree signed by "El Caudillo" (the Chief). The General sets up 12 ministries which, with under-secretaries, will carry on the central administration.

MARSHALL'S RIFLE HELD IN MERCED

Gold Discoverer Gave Gun To Dr. Worthington, Who Passed It To Bailey Family

By ROBERT WILCOX
United Press Staff Correspondent

MERCED, (AP)—When Californians observe the anniversary of the discovery of gold by James W. Marshall in 1848, perhaps few know that momentous event was made possible by Marshall's silver-inlaid Kentucky rifle.

The gun with which Marshall shot game for food and fought off wild animals on his long trek across the wild western plains is in the possession of Elton F. Bailey, Merced service station proprietor.

Marshall's survival and subsequent discovery of gold one January afternoon in the mill-race of Sutter's mill in El Dorado county fired the nation's spirit of adventure. Hundreds of thousands of immigrants poured into California to create a great mining industry and open new fields of business and commerce.

Into the mints of the national government poured more than \$2,000,000,000 which history records as helping finance the North in the Civil War.

Beautifully carved, the rifle is inlaid with silver and copper. Its barrel bears Marshall's inscribed name and near the trigger are his initials, worn almost smooth.

After he picked up that nugget of gold, worth not more than \$5, Marshall's claims to the land on which gold was discovered were disregarded by intruding gold seekers, the sawmill which he was building in partnership with John A. Sutter failed for want of laborers.

The rifle he gave to a Dr. Worthington, of Placerville. The doctor gave the weapon to George Bailey with the understanding it should pass to the oldest living male member of the Bailey family, died recently, and according to the deceased edict, the gun was passed on to his son.

FIRST UNIT OF SEWER PROJECT ACCEPTED BY COUNCIL

The completed first unit of the Placerville sewer improvement project, which consisted of laying a pipe line and making connections from Washington Street to the easterly city limits, was tentatively accepted by the city council at its meeting Monday night.

The council had a report from Harry N. Jenks, supervising engineer and Clifton Wildman, resident engineer, certifying the completion of the work.

The work was done by the Oakland Sewer Construction Company, and payment will be authorized by the city for the work done upon the completion of PWA inspections and approval of the work.

John Selleck was a caller in the county seat from Camino on Tuesday.

LEGION BATTLES NATIVE SONS IN FEATURE HOOP TILT TONIGHT

Winner Qualifies With Cougars, Clubmen, Red & Whites For Championship Playoffs Next Tuesday Night; High School And 20-30 Club Promise Close Fight

The feature tilt of tonight's three-game series, winding up the county basketball league schedule for the year, sends the American Legion five against the Native Sons at 7 o'clock at the high school gymnasium.

The winner of this battle, according to the league rules, will be the fourth club to qualify for the championship play-offs, opening next Tuesday night. The Cougars, 20-30 Club and Red & White teams have all ready qualified.

Hull Denies U. S. In Alliance

Senator Key Pitman Warns Present Trend In World "Points To War"

WASHINGTON, (AP)—Secretary of state Cordell Hull in a letter read to the senate today denied that the United States has any alliance with a foreign power or any agreement concerning use of the American naval forces.

Chairman Key Pittman, D., Nev., of the senate foreign relations committee, read to the senate a letter from the secretary in which he answered: "No," to three questions raised in a resolution introduced yesterday by Sen. Hiram W. Johnson, R., California.

The resolution, which Johnson said was designed to clarify rumors that there was an understanding or agreement with Great Britain, had asked whether there was any alliance with any power, whether there was any agreement for the use of the navy or whether there was any agreement for the U. S. navy to patrol certain waters in a certain contingency. Johnson's inquiry was intended to cover all possibilities of a foreign entanglement on the part of the United States.

"The answer," Hull informed Pittman in regard to all three questions "is no."

Pittman, chairman of the senate foreign affairs committee, an authoritative spokesman on questions of foreign relations, in an unusually frank exposition of his views warned that continuation of the present trend in world affairs will "inevitably result in war" in which democracies will be at a disadvantage.

Unless a change can be brought about, he said, it is the duty of the United States to prepare its defenses "without regard to cost."

SET-BACK ORDINANCE ON MAIN STREET PLANNED BY COUNCIL

The city council Monday night requested City Attorney Thomas Maul to prepare an ordinance providing for a set-back line for buildings erected in the future in Main Street between Bedford Avenue and Cedar Ravine street.

This decision was reached after Attorney Henry S. Lyon, representing Owen Bosquit and Warren Crocker, had appeared before the board with relation to parking on Main Street in the section between the War Veterans Memorial building and Cedar Ravine, on the south side of the street.

Mr. Lyon said his clients have an opportunity of disposing of their property on the south side of Main Street for a store building, but that the city's present regulations barring parking on the south side of the street in that district, constitute a hazard to the success of the transaction.

It was suggested that, if parking on one side of the street must be barred, that perhaps it could be barred on the north side of the street, since this is, largely, residential property.

The council referred the matter to the street committee and the discussion, led to further talk concerning the need for widening the street at that point, where a set-back ordinance was suggested and ordered drawn up.

Mrs. Ronald Giffen and son, Dick, were Tuesday visitors from Shingle Springs.

STANDINGS OF CLUBS

	W	L	Pct.
High School	4	0	1.000
20-30 Club	3	1	.750
Red & White	3	1	.750
Native Sons	1	3	.250
American Legion	1	3	.250
Mosquito CCC	0	4	.000

With playoff honors at stake, the game between the Native Sons and the American Legion tonight is expected to be a battle.

Not quite so much is at stake in the second game of the night, scheduled at eight o'clock, with the Cougars opposing the Twenty-Thirtians, but it will be a real game because the Cougars are undefeated in the league this year and the Twenty-Thirtians, in second place, can go into a tie for league leadership by scoring a victory.

The Cougars will be just as anxious to end the schedule with a clean slate as the 20-30 bunch will be to upset them, and a real fight for honors is in prospect.

The Red & White play the third game of the night against the Mosquito CCC quintet. The Red & Whites are definitely in on the play-offs and the Mosquito quint will have little but glory to gain should they score a win as they have failed to get into the win column this season.

Many Awards In Honor Court

22 Tenderfeet; 58 Will Get Ensignia Showing Progress In Ranks Of Boy Scouts

That the Boy Scout Court of Honor, to be held Friday night at the Federated Church at 8 o'clock, following the annual Fathers' and Sons' banquet at 6:30, will be one of the largest gatherings of its kind within recent years, was indicated Tuesday.

According to E. W. Zueger, district Boy Scout commissioner, twenty-two Boy Scouts have qualified for the tenderfoot award and an additional 58 Boy Scouts have earned advancement in the Boy Scout Ranks. This does not include merit badges which have been earned by the Boy Scouts.

Scout leaders announced that two window displays are being arranged in the county calling attention to this, the 23rd Boy Scout Anniversary Week.

In the window of Max Baer's store there is a Boy Scout display appropriate to the occasion and a display is also being arranged at Fossati's store, at Smith Flat, by the Scout troop of that community under the direction of Elmer Porini, Scoutmaster.

The Church troop of Boy Scouts meets Wednesday night at the Junior Community Hall in Placerville and will hold an "open house" on this occasion, as are all other Scout troops in the county this week.

Parents and friends are especially invited to attend this troop meeting and also the meetings of three troops on Thursday night when the Camino troop meets at their community hall, the Diamond Springs troop meets at the schoolhouse, and the American Legion troop in Placerville meets at the Junior Community Hall.

S. A. Bivans was a caller from above Camino Tuesday and reports about a foot of snow at his place and about two feet in the Snowline vicinity.

SENATOR—Alfred Evan Reames, veteran member of the Oregon bar and Democratic party leader, appointed by Governor Charles H. Martin of Oregon to the United States Senate seat vacated by Frederick Steiwer, Republican, resigned. He cannot seek re-election.

HEARING CALLED ON BUILDING CODE

Placerville Residents Asked To Meet With Council On Monday Night, February 21

The city council at its regular meeting Monday night called a public meeting for the night of Monday, February 21, at 7:30 o'clock, for a discussion of the proposal to institute a building code in Placerville.

Adoption of such a code was asked of the council at its regular February meeting by a delegation from Carpenters Local No. 1992, A. F. of L., which attended the meeting with Paul Smith as spokesman.

Mr. Smith told the council that the adoption of a building code in Placerville will eliminate "chiseling" in building and will react to the advantage of the public at large as well as to contractors.

He charged that without a building code, people who build homes have no protection against cutting of corners by "chiseling" contractors and contended that a legitimate contractor, bidding on a given job might lose that contract to a "chiseling" contractor who would quote a lower figure hoping to cut corners in the actual construction, to the loss of the home builder.

Enforcement of a building code, councilmen pointed out, would require the appointment of a building inspector.

Upon the scheduling of the public meeting on the proposal, Mr. Smith and his associates agreed to have ready for that meeting a proposed building code for the city.

YOUTHS IN CAR THEFT CASE CERTIFIED TO JUVENILE COURT

At a hearing Monday afternoon before Justice of the Peace T. F. Lewis on grand theft charges, against J. C. Putnuff and Glenn Gibson, charged with the theft of an automobile Friday belonging to Jack Hamilton, the Justice of the Peace determined that both of the defendants are under the age of 18 years and certified them for appearance before Judge George H. Thompson in juvenile court.

Officials report the defendants are both aged 17 years.

Papers in the case have been filed in the Juvenile Court and a petition has been filed by District Attorney Henry S. Lyon, accusing the crime of grand theft. We understand a hearing in Juvenile Court will come up Friday afternoon at 3:30 o'clock.

Camino Man Weds Capital City Woman In Reno

Rev. Wesley Runyan, of the Christian Church at Reno, officiated Sunday at rites in which Wayne W. Wall, of Camino, and Florence Quinn, of Sacramento, were married at the Nevada metropolis. The couple, to whom we extend our good wishes, will make their home at Camino.

P. F. Volf was down from Fruitridge on Tuesday morning.

WEATHER

Rain or snow tonight, and Wednesday; heavy snow south ranges; high 55; low 40; precipitation .17 in.

S. D. DIEHL IS SUMMONED

Former County Supervisor Passes At Oakland; Rites To Be On Thursday

A telegram Tuesday noon to Superior Judge George H. Thompson announced the death at Oakland Tuesday morning of Sanford D. Diehl, former member of the County Board of Supervisors and beloved and highly esteemed former resident of Pilot Hill.

The sad message, which was from Mr. Diehl's daughter, Mrs. Ray Thompson, asked that friends be advised funeral services are planned to be held on Thursday.

The death of Mr. Diehl follows by less than a month the celebration at their home in Oakland of the fifty-fifth wedding anniversary of Mr. and Mrs. Diehl.

During their residence at Pilot Hill, Mrs. Diehl operated the store at that place and also was engaged in mining operations.

He is survived by his wife and by three daughters, Mrs. Ralph Martin, of Alameda, Mrs. Ed. Connelly, of Piedmont, and Mrs. Ray Thompson, of Oakland, with whom Mr. and Mrs. Diehl had made their home for a number of years. Eight grandchildren also survive.

Beery's Film Masterpiece

"Viva Villa" Being Ranked Among Outstanding Pictures Of All Time By Critics

"Viva Villa!" Metro-Goldwyn-May-er's spectacular story which opens tonight at the Empire Theater, is generally classed among the great screen masterpieces of all time.

Filmed largely in Mexico, with Wallace Beery as the star with an exceptional supporting cast, "Viva Villa!" has emerged as one of the truly great productions of recent years.

Added to its lavishness is a fictional romantic story which runs through the photoplay, presenting Beery for the first time in many years as a lover.

With Beery in the notable cast appear Leo Carrillo, Pay Wray, Donald Cook, Stuart Erwin, George E. Stone, Joseph Schildkraut, Katherine De Mille, Phillip Cooper, Frank Puglia, Henry B. Walthall, David Durand, Adrian Rosley, Francis X. Bushman and Henry Armetta. The picture was directed by Jack Conway.

PAY FOR COUNCILMEN IS DISCUSSED AT MONDAY MEET

Placerville voters may be called upon at the coming city election, to express their approval or disapproval of a proposal that members of the city council be paid for their services.

The matter was briefly discussed at the council meeting on Monday night, when it was pointed out that the terms of three members of the Council expire this Spring, and therefore it can not be said that the council is "feathering its own nest."

Terms of Councilmen Hosking, Frost and Price expire.

It was pointed out that the affairs of the city are requiring an increasingly large amount of the time of the men elected to the council. Whether any remuneration would be proposed on a flat monthly basis, or on a per diem basis for meetings attended, was not discussed.

DOG GUARDS SKATES

SEATTLE, (UP)—Sandy, a German shepherd dog, is not only faithful to 12-year-old Edward Koch, but also to the boy's roller skates. Late one afternoon young Koch left his skates on a parking strip a block from his home, and Sandy guarded the skates for a night and a morning.

Mrs. Lena Rantz returned to Placerville Sunday, following an extended visit with relatives and other friends in the southern part of the state.

MERRILY WE ROLL ALONG

PARADE OF SPORTS

By HENRY McEMORE
United Press Staff Writer

DAYTONA BEACH, Fla., (U) — To the hills, men! And there isn't a second to spare!

Don't pause to aid the laggards or you'll be too late.

The revolution is at hand!

In a five word utterance—I heard the death sentence on the established order of things, and any moment now you may expect the leopard to start changing his spots, two and two quit making four, and birds of a feather stop flocking together.

Dizzy Dean was the man who uttered the five words. He uttered them to me, and they were this: "I have nothing to say!"

And he didn't. He meant it. I argued with him the best I could, pointing out the seriousness of such a statement

from him. I told him that his constant bellowing was just as much a part of this nation as the constitution. Betsy Ross, and states rights. And that if he kept silent—if only for a day—the citizens would become panicky and anything might happen. But he would not yield.

Even when I brought up the subject of Dizzy Dean, his favorite topic of conversation, he refused to say a word.

When this climatic effort failed I knew it was no use arguing, so I fell to studying Dizzy hoping to determine the cause for this drastic change in personality. Naturally, with Dizzy refusing to say anything my study had to be confined to outward appearances.

In the face, Dizzy still is the Dizzy of several years ago when he was fresh out of Texas and funds. His beauty then was of what I believe is catalogued as the "honest, pioneer, and rugged" type. It still is. His head is a bit larger than when he was chucking for Houston, but would still be described as a "fast ball pitcher" shape. And as for his physique, he remains only a leopard skin away from Tarzan.

Perhaps Dizzy's clothes have changed his personality. There was a time when no one would have had any difficulty distinguishing between him and Anthony Eden, but today Diz could spot the dapper British foreign minister a pair of spats and lick him 2 to 1 and 3 to 0 in a sartorial double-header. When I saw him he was wearing a sports outfit that left nothing to be desired, unless it was a color movie camera in the hands of the on-looker. He was, to use the delightful phrase coined by Captain Molyneux, "a sight for sore eyes."

Whatever the cause, Dizzy has undergone a tremendous change. Only recently he was made an honorary member of the Daytona Beach Women's Golf Association, an honor which he accepted with a speech that blended perfectly with the pastel tinted walls of the clubhouse in which he stood.

To date he hasn't said a bitter word against the Cardinals, Branch Rickey, or Sam Bredon.

I find the situation alarming.

ASSESSOR OBLIGING

FORT WORTH, Tex., —An automobile license with your telephone number—that was the offer made to Fort Worth motorists by John Bourland, county tax assessor-collector. "It adds a lot of office work, but it makes people happy," Bourland said.

Fingerprinting Of Motorists Scored By S.F. Assemblyman

Charges that the Department of Motor Vehicles is acting in bad faith in fingerprinting applicants for drivers licenses were made today by Assemblyman William B. Hornblower of San Francisco. Hornblower was chairman of the Assembly Motor Vehicle Committee, which rejected a measure for compulsory fingerprinting of motorists at the last session of the Legislature.

Voicing support of a protest by the California State Automobile Association against fingerprinting of motorists by the Department, Hornblower said: "Disregarding failure of his fingerprinting proposal in the legislature, Director Ingels of the Department of Motor Vehicles has proceeded to adopt a form of license application bearing a specifically designated place for the applicant's thumb print.

"In so doing, Ingels is plainly seeking to circumvent the legislature and to flout the overwhelming public opinion which was displayed against the plan during the legislative session. "The very form of the license application, with its space for a thumb print, is calculated to mislead motorists into believing that they must submit to the procedure as a legal requirement.

"The statement of Paul Mason, chief of the Division of Drivers Licenses, that applicants are informed that the taking of prints is optional is contradicted by the actual experience of the great majority of applicants for licenses."

"Now that the situation has been aired, it may be that the optional nature of thumb-printing will be more carefully pointed out to applicants by Department employees."

The LETTER BOX

Sir: I wish to take advantage of your letters column to submit a plan to help eliminate burglaries and petty thefts in this city.

We all know a large percentage of stolen goods must be sold before a thief can enjoy the fruits of his labor. Let him sell, but first let us adopt a city ordinance or a state law wherein it would be provided that all dealers in goods likely to have been stolen must furnish the police department with a copy of the bill of sale with the seller's name and address and fingerprints; also a full description of the article bought. Then our officers could check this against the articles reported stolen. If the articles showed up in any place that buys stolen goods it would not be hard to find the thief. At least the police would have something definite to work on. —Reader.

The farm bureau of Sonoma county has a portable apple box sterilizer to help control codling moths.

400,000 TOURISTS VISIT FRENCH BATTLEFIELDS DURING YEAR

PARIS, (U) — Although this year marks the 20th anniversary of the end of the World War, French battlefields, stretching from Flanders Fields to the Argonne Forest, are still a powerful magnet for attracting tourists. During 1937, the total was beyond the 400,000 mark.

Of this number, 70 per cent were French, 10 per cent Belgian, 5 to 6 per cent German, 3 per cent English and about 1½ per cent American. This is an increase of ½ per cent due to the dedication of the A. E. F. war monuments in August and the American Legion pilgrimage in October.

Every American cemetery has a caretaker (always an ex-soldier), who obligingly guides the visitor to the particular grave he desires to see. Most of the Americans come as pilgrims to pray at the tomb of a comrade, a son, a father or a brother.

E. Weerts, Santa Rosa, uses hooks of heavy wire instead of props to hold branches of his prune trees.

LONG DISTANCE annihilates time and space. It's far too enjoyable and practical to use just for emergencies. Call your dearest friends and give them pleasure now!

From 7 p. m. to 4:30 a. m. and all day Sundays, especially attractive NIGHT rates are in effect to most Long Distance points.

100 MILLIONS IN MINE DIVIDENDS PAID IN CANADA

TORONTO, (U) — When final dividends are paid, shareholders of Canadian mining companies, both gold and base metal, will have pocketed well over \$100,000,000 for 1937.

Figures by Wowcock, Hackett and Morgan, members of the Toronto Stock Exchange, show that dividends already paid or payable aggregate \$101,295,536.

International Nickel was the largest contributor, payments on the common and preferred stock totaling nearly

\$35,000,000, approximately one-third of the total.

Lakeshore and the Consolidated Mining and Smelting Co., were well up in the list with \$12,000,000 and \$11,500,000 respectively. Noranda's dividend checks aggregate \$7,000,000, while the Hudson Bay Mining and Smelting Co. and Hollinger accounted for about \$5,000,000 each.

Payments by Wright-Hargreaves and Dome each exceeded \$3,000,000 and \$4,000,000, respectively, rounding out the best year in the Canadian mining industry history.

Put The Care Of Your Car In Our Hands

WHEN? ... HOW FAR? ... WHAT DATE? ... HOW MANY MILES?

You Will Find Our Polite REMINDER SYSTEM HELPFUL

- It is easy to overlook caring for your car when it really needs attention. Such services as lubrication (every 1000 miles), battery check (every two weeks), wheel bearings (500-mile intervals), seem to slip busy minds.
- When once we service your car we check it completely and set up an individual card record for it. After that we send you a "polite reminder" whenever service is needed.
- You will find this "polite reminder" helpful in keeping your car in tip-top shape, and it will give you peace of mind, too.
- There is no charge for this extra service. Let us start your car's record now.

VOTERS WARNED AGAINST SIGNING PETITION CARELESSLY

Warning voters that "signing an initiative petition, without proper investigation, is as dangerous as signing a blank check," Ralph H. Taylor, executive secretary of the agricultural council of California, today urged caution on the part of the public to prevent the qualification of petitions for the "Single Tax," which would impose extortionate taxes on home-owners, farmers and all common property taxpayers.

Co-incident with Taylor's statement, Leslie E. Burks, secretary of the California Association Against "Single Tax" announced that proponents of the exorbitant land tax have secured approximately 145,000 signatures of registered voters, but are still more than 40,000 signatures short of the required number to qualify the proposal for a place on the November ballot. "The petition solicitors for this discredited proposal are now planning to invade rural counties," said Burks, but if rural voters are alive to the danger, the measure can be prevented from qualifying.

Taylor, speaking for the state's major cooperatives, with more than 70,000 farmer-members, declared that "The attempt to hoodwink California voters by offering the discredited and oft-rejected 'Single Tax' in the guise of a Sales Tax Repeal Act is as reprehensible as it is dangerous."

COLEMA SEES MOVIES OF COUNTY SCENES ON MONDAY NIGHT

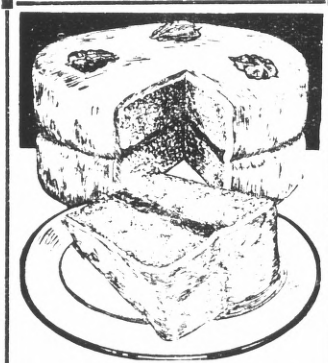

Three reels of motion pictures of El Dorado County scenes were shown at the Coloma Farm Center meeting at the Coloma Community hall Monday night by O. O. Winn and much interest was demonstrated in the pictures by the center members present.

While the reels lacked captions and sub-titles, Mr. Winn was fully prepared to supply these verbally as the film went along and the result was a very interesting entertainment.

Chairman Dan M. Bassi presided at the meeting which included a discussion of spray problems and cover crops by the Farm Advisor.

HANGTOWN CAMP ELECTS OFFICERS AT MEETING HELD ON SUNDAY

The organization of Hangtown Camp, United Spanish-American War Veterans, with C. T. Bryan as commander, was effected Sunday at a meeting at the War Veterans' Memorial Building.

Officers of the new camp state that the charter will remain open for about sixty days and it is hoped that all of the approximately 60 men in the county who are eligible will become members.

Other officers are Charles MacLaughlin, senior vice-commander; I. McLellan, junior vice-commander; Lewis Morgensen, officer of the day; O. A. Cozad, guard; Guy Benson, adjutant; U. C. Meyers, quartermaster and historian; George Wood, chaplain; and Delos Bennett, trustee for three years; George Wood, trustee for two years; and one other trustee, whose name our informant was unable to recall, for a one-year term.

The charter remains open.

Delmer Robinson was up from Sacramento Sunday visiting his brothers, Dean Robinson and Don Robinson and their families. Delmer is preparing to become an embalmer.

New Restaurant Opened On Main Street

Mr. and Mrs. Ray Mullis, formerly operators of the Hangtown Coffee Shop, have opened a cafe in a new location, adjoining the Tahoe Meat Market. Following the tendency to recall the early history of the community in naming such institutions, the new cafe is known as the Pony Express Inn.

Retail Credit Office In New Quarters

Effective Monday morning, the offices of the Retail Credit Association were moved from the lower Fairchild Building, over the Rexall drug store, to the postoffice building, at the corner of Main and Coloma streets. The offices are on the second floor of the building, opposite the headquarters of the California State Employment Service.

RESCUE CENTER MEETS FRIDAY, DIRECTORS GATHER THURSDAY

The regular meeting of the Rescue Farm Center for February will be held on Friday night at the Tennessee School. Preparations are being made for a program which will be of general interest to the members of the center and all members of the district, according to word received by the Farm Advisor's office.

The February meeting of the county Farm Bureau directors will be held at the Farm Advisor's Office on Thursday evening, February 10.

STATE TAX EXAMINER

State Income Tax Examiner Charles Dapper will be stationed at the Raffles Hotel in Placerville on Wednesday, February 16th, 1938, between the hours of 9:00 a. m. and 5:00 p. m. for the purpose of assisting taxpayers in filing state income tax returns.

Early Awarded Sewer Job

(Continued from page 1)
the contract for this job will be awarded to that firm. However, the council desires to eliminate some of the features of the plant with view to reducing the initial cost, and in view of the fact that the representative of the company who was present did not have the power to consent to these changes, the council voted to meet Tuesday afternoon at 2:30 o'clock with other representatives of the company, at which time the contract would be awarded.

The occasion for the week's delay between the time for opening bids on the projects and the awarding of the contracts, was explained in an opinion furnished the council by City Attorney Thomas Maul.

From the reading of the opinion it appeared that F. J. Early, Jr., had submitted bids on the pipe line construction and also on the disposal plant job.

Mr. Early's bid on the pipe line was the lowest offered, but when the council sought to accept his pipe line bid and discard the bid on the disposal plant, in favor of another and lower bid, Mr. Early had taken the view that his figures on the two projects had been submitted as a single bid and on could not be accepted without the other being accepted.

Following filing of his opinion in the matter, Mr. Maul said that Mr. Early had shown a very fine spirit in the matter and that while the contractor felt he had grounds upon which to base his contention, he was agreeable to accepting the pipe line contract without putting the city to further delay and probable expense.

Mr. Early said he will bring only his foremen, to the job, with the exception of a few skilled hands, and that he will co-operate in the employment of local labor on the job.

Grave Diggers Find First Job Hardest

FORH WORTH, Tex., (AP)—The first few graves are the hardest, according to W. H. Fuller and J. S. McBride, the men who dig them in a local cemetery. "It sort of gets you at first," said Fuller. "Not the digging so much, but filling in the dirt after the funeral party has left. But you get over that soon."

SALEM, Ore., (AP)—Not one Chinese is among the 900 prisoners in the Oregon State penitentiary.

ANDREW SABINI RITES TO BE WEDNESDAY IN PLACERVILLE

The funeral services for Andrew Sabini, 49, who died on Sunday at his residence at Shingle following a long illness, will be held at 2 o'clock Wednesday afternoon from the Dillinger mortuary chapel.

Mr. Sabini was a native of Angels Camp and came to this county as a young man, having made his home here for 22 years. He had engaged in mining in earlier life and later had been engaged in the hotel business at Nashville.

In addition to his wife, Mrs. Grace Sabini, and son, Waldo, he is survived by one brother, of Angels Camp.

Still Betrays Owner, Out For Walk

ST. JOHN, N. B., (AP)—Fred Cyr is in jail because his still betrayed him so he will sojourn behind the bars until the flowers bloom.

Cyr manufactured a little high-land dew with his home-made apparatus and then went for a walk.

During his absence the still blew up and on returning home he was met by a squad of firemen and of police.

WEIGHTS, MEASURES EXAM FEBRUARY 25 AT SACRAMENTO

Written examinations, to create an official eligible list from which sealers of weights and measures and deputy sealers may be appointed by boards of supervisors in counties where vacancies may occur, will be held in San Francisco, Sacramento, Los Angeles and Fresno, February 25, it was announced today by the State Department of Agriculture, Division of Weights and Measures. The examinations are called under the provision of the state weights and measures act as amended in 1937.

Written applications to take the examination must be filed with the state director of agriculture by February 15. All applications must be made on official blanks which may be obtained from the State Director of Agriculture in Sacramento or from County sealers. Every applicant must be a citizen of the United States, a resident of California, and shall have passed his 21st birthday.

A broad and practical experience in weights and measures work is desirable. Every applicant must have had at least one year's experience in a position as sealer or deputy sealer or in some other related work in California.

Each applicant must have a specialized knowledge of all laws relating to weights and measures and familiarity with regulations and rulings promulgated by the Director of Agriculture and the Division of Weights and Measures. In addition each applicant must have a specialized knowledge of various types of weighing and measuring apparatus, their construction, maintenance, mechanics and operation.

The examination is both written and oral and is designed to determine the candidate's fitness for the office through experience, knowledge and personal characteristics.

No examination fee shall be charged for any examination.

Further information concerning the examinations may be secured from the offices of the sealer of weights and measures in all California counties.

Personal Mention

Jack Hamilton, whose car was stolen Friday evening from Main Street, and was recovered by the state Highway Patrol Saturday at Madera, submitted a letter to the city council Monday evening expressing his appreciation for assistance given in the case by the city police.

Among those who were at Sacramento to Sunday to see the windup of the Sacramento open golf tournament were Leo C. Burger, J. G. Hearn, M. T. Kelly, Perry Tracy, Don Goodrich, Robert Patterson, Dr. L. B. Rantz, Ben Larson and F. A. Peterson.

William J. Burns was a caller from Auburn in the county seat on Tuesday, and included this office in his round of calls.

O. H. Close, superintendent of the Preston School of Industry at Ions, was in Placerville Tuesday attending to business matters and visiting his sister, Mrs. John H. Palmer and family.

TOIL FOR \$125

CHELSEA, Mass., (AP)—Thieves who broke into the Shelsea Lodge of Moose found "easy money" is not so easy. The thieves moved a 200-pound safe three miles and then laboriously hacked off the unlocked door. Loot totaled \$125.

GARDEN VALLEY SERVICE STATION ROBBERY INVESTIGATED

When Walter Crow, Garden Valley branch manager for the Russell J. Wilson automobile agency, went to open the branch on Monday morning, he found the place had been burglarized over the week-end.

Entry had been gained by breaking a window and the loot is said to have included automobile accessories approximating \$100 in value. According to Cecil George, manager of the firm's Placerville headquarters, it is not known when the burglary took place except that it was between closing time Saturday and the time for opening on Monday.

Sheriff George M. Smith was at San Quentin prison Monday to deliver Walter Weltz to the care of the warden there, and planned to visit the scene of the burglary on Tuesday and make some inquiries in the vicinity.

CLUB FLAUNTS WPA

JUDSON, N. D., (AP)—When the WPA refused the application of the Judson Booster Club for aid in building a dam on the Heart river, local people went ahead and built their own dam. A party to celebrate the completion was held.

Republican classified ads always pay.

'39 Plates Will Boost Bay World's Fair

SACRAMENTO—Governor Frank F. Merriam and State Director of Motor Vehicles Ray Ingels announce that 1939 auto license plates will advertise the Golden Gate International Exposition, to be held on Treasure Island in San Francisco Bay next year. With a blue background and gold lettering, blue and gold being the Exposition colors, the plates will carry an inscription at the top as follows:

"California World's Fair '39"

While the plates will remain the same size as heretofore, there will be no reduction in the size of auto license numerals or letters, in accordance with state traffic laws.
